

Appln No. 10/735,050
Amdt date February 25, 2008
Reply to Office action of November 27, 2007

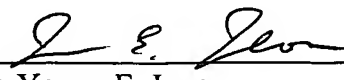

REMARKS/ARGUMENTS

Claims 1-28 remain in the present application, of which claims 1, 15, 17 and 24 are independent. Claims 1, 3, 5, 7-8, 15, 17, 24 and 28 are amended herein. Support for the amendment is found throughout the specification. For example, support for the amendment to claim 7 is found in FIG. 8 and page 10, lines 1-3. No new matter has been added. None of the claims has been canceled. Applicant respectfully requests reconsideration and allowance of claims 1-28.

Applicant appreciates the indication on page 5 of the Office Action that independent claim 17 is allowable upon adding a limitation of "such that the rotator head is adapted to be directly engaged by a user." As Applicant amended claim 17 as required by the Examiner, Applicant requests that claim 17 be allowed. As independent claims 1, 15 and 24 have been amended in a similar manner as claim 17 to include at least a similar limitation, Applicant requests that these claims be allowed as well. Since claims 2-14, 16, 18-23 and 25-28 depend from claim 1, 15, 17 or 24, they each incorporate all the terms and limitations of the respective base claim in addition to other limitations, which together further patentably distinguish them over the cited references. Therefore, Applicant requests that claims 2-14, 16, 18-23 and 25-28 be allowed.

In view of the foregoing amendments and remarks, Applicant earnestly solicits a timely issuance of a Notice Allowance with claims 1-28. If there are any remaining issues that can be addressed over the telephone, the Examiner is cordially invited to call Applicant's attorney at the number listed below.

Respectfully submitted,
